## DEDICATION

### Hail to The Chief

The 1995 *ECHO* Staff is pleased to dedicate this year's production to our Security Chief, Calvin Gilmore. We cannot express enough our gratitude to him for keeping the students, faculty and staff on the Greensboro College campus safe and secure. Through such duties as parking regulation, building security, fire safety procedure, and a 24-hour patrolling of the campus, security helps ensure the safety and general welfare of GC's inhabitants and visitors. Along with Chief Gilmore, we would like to commend the security team as a whole. We are truly privileged to have them as members of our community.

## MAKING GC HOME

G.C. reopened its doors to an influx of students on Saturday, August 20, 1994. There was a general mood of excitement among old and new students. Record numbers of freshmen and transfer students joined in the chaotic tradition of move-in day.

Jennifer Jedrey said, "Move-in day was very hectic for me. I was really tired after the drive from Maryland, but I was also very anxious to meet new friends."

Dayna DeFalco echoed the anxiousness of move-in day, but said, "I knew

my roommate and I would be great friends when she hung up a Jane's Addiction poster."

Returning students saw a few refreshing changes such as blue trim in Greensboro Building, fresh coats of paint in all dorms, new phones, and cable.

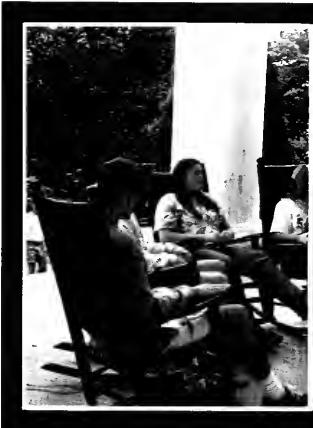

Kim Corriveau said, "People were extremely helpful and made move-in day run very smoothly."

## WEEKEND GETAWAY

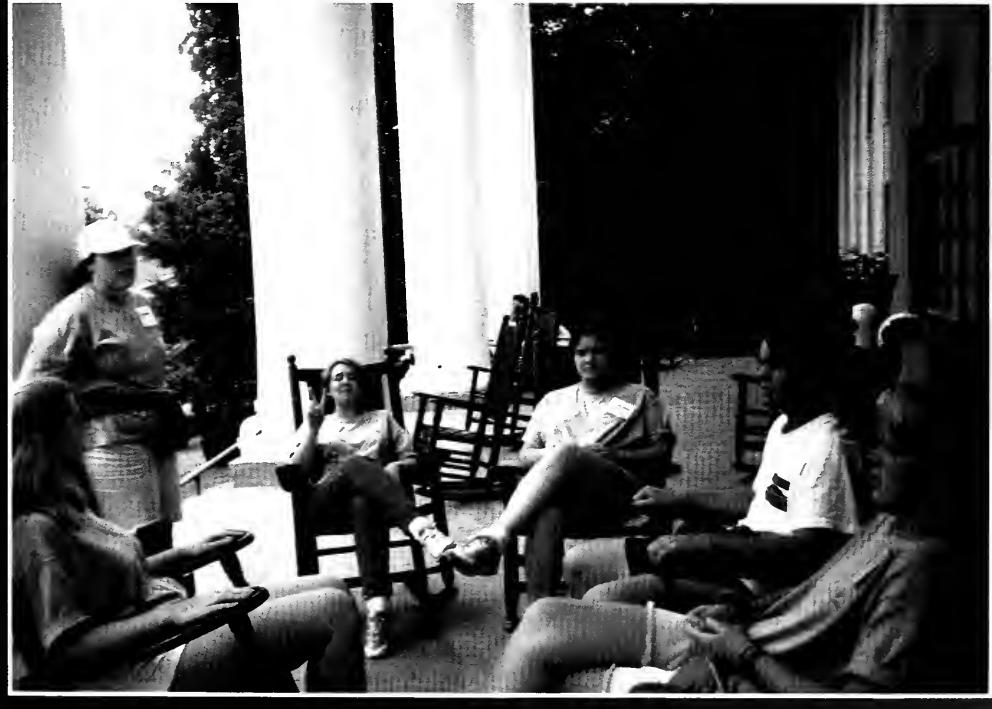

New students enjoyed themselves at Precis. Precis gave freshmen and transfer students a chance to meet each other before the start of classes.

Kimberly Frederick said, "Being from Texas, I must admit I was skeptical about coming to G.C. When I heard about Precis I hoped I'd meet a few people. Because of the event, I know at least 15% of the people in my 101 classes, and I met 90% of the people I call my best friends."

Set in the mountains at the Blueridge Mountain Retreat Center from August 16-18, 1994, students had a chance to mingle with current students and faculty and to get a preview of the family feeling that G.C. promotes.

Karrie Cook said, "I got to meet a lot of close friends that weekend."

Family Weekend provides a time early in the semester when students can welcome parents as

# HOME COMES HERE

The weekend of September 16, 1994, was bright and beautiful as parents, siblings, and friends arrived on campus for Family Weekend 1994. Every year the college hosts the families of students as a way to introduce them to life at Greensboro College. The weekend is set early enough in the semester to reassure parents about leaving their "children" on our campus and to help alleviate the homesickness that many feel early in the year.

Friday guests were invited to sit in on their student's classes. This option provided a chance for parents to experience the college classroom scene. Students found the opportunity important, if only for empathy from their supporters about courseload and professors.

Saturday dawned with an Alumni vs. the Men's soccer game at Guilford College. The alumni team won. Many

students then took their families to the back lawn for a picnic prepared by ARA Food Services, while others took the opportunity to show their guests around town and to complete some much needed shopping.

Students and parents were invited to President and Mrs. Williams' house Saturday afternoon to a reception in honor of the weekend.

Saturday night CAB sponsored Roger Day in concert in the Under-ground for those who wished to get an idea of the acts that are brought to campus throughout the year.

Sunday rounded out the prescribed activities with a chapel service in which Greasepaint and Halos performed.

Rebecca Skillman said, "I was really happy to see my family because it gave me a change from my regular routine and a chance to go shopping!"

# **COME HOME IN '94**

Homecoming 1994 was a great success. Students, faculty, alumni, and friends enjoyed the various activities that were sponsored in honor of homecoming weekend.

The homecoming court and the announcement of the homecoming queen and B.M.O.C. was one of the big attractions on the morning of October 22, 1994. In the weeks leading up to homecoming, students were polled to find the best candidate to be the female attendants and the best man for the role of Big Man on Campus.

Each class had run-off elections to determine which women would get the honor of riding in the parade.

When the votes were tallied the freshmen representatives were Danielle Troiano and Jill Shullenbarger; Sophomore ladies were Susan Heafner and Karen Pierre; junior women included Lauren Sease and Julie Henry; and the queen candidates were Missy Hoschouer, Kristi Long, and Rebecca McLamb. The men in the running for Big Man on Campus were Duane Williams, David Noonan, Teodorico Tuazon, and James Snipes.

After the parade, a ceremony took place to name the B.M.O.C. and the queen; the winners were James Snipes and Rebecca McLamb.

## ROAR IN '94

Homecoming 1994 was a great success. Students enjoyed various activities that were sponsored by the different clubs and organizations on campus. The bonfire in the West volleyball pit and hypnotist Tom DeLuca were great crowd pleasers that kicked off homecoming's Friday night.

Early Saturday was a bed race between the dorms. West was victorious over the dorms for agility at maneuvering the awkward beds. Around 10 a.m. the clubs and organizations began decorating golf carts and

lining up for the parade. The parade travelled up College Place and provided much entertainment for the onlookers.

The men's soccer team provided midday excitement as they defeated High Point University. The homecoming queen and B.M.O.C. were announced at halftime to the many eager fans. The weekend was capped off by a "Magic Carpet Ride" dance at the Depot.

## TIME AWAY

A big part of life at Greensboro College is dedicated to community service. Professors like Dr. Paul Leslie and Dr. Judy Cheatham promote helping others through projects with the Greensboro Urban Ministries and the Literacy Program. Clubs and organizations, as well as some scholarship students, are all required to accomplish a set amount of hours per semester working for the community in some way.

Last year, Ruth Campbell, an alumnae of the college, gave a million dol-

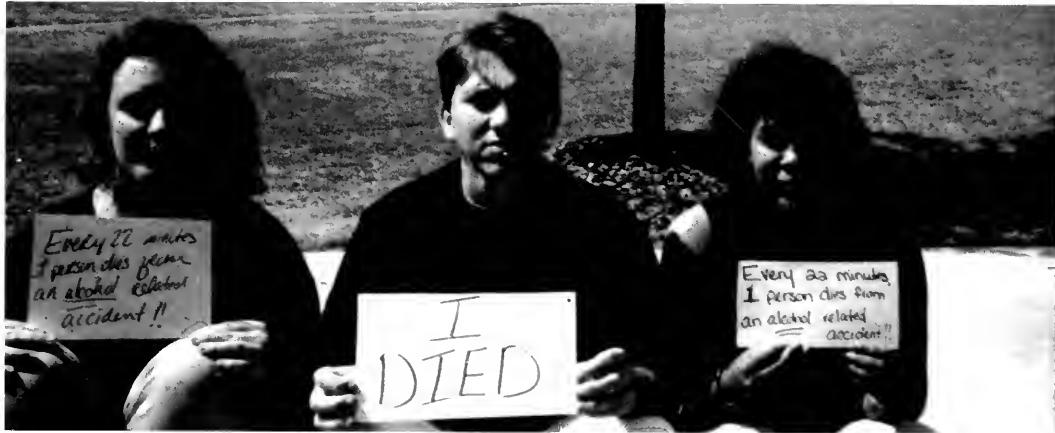

lars to go toward student needs. One purchase was of a house on Mendenhall Street. The dwelling was appropriately named Campbell House. Four individuals were chosen to live there based on an application and an interview. They are required to complete five hours of service a week as partial compensation for the place to live.

Whether for personal satisfaction or otherwise, students chose to partake in the many different community service options.

## SOBERFEST HITS HOME

Greensboro College's annual Soberfest is a week full of events to promote alcohol awareness. Monday night began with a mocktail party in West basement. Other activities included motivational speakers like "Eddy Talks" and Dan La Rosa, hypnotist.

Kimberly Jarosinski said, "The hypnotist was very interesting. He wasn't dull or boring. It didn't come across as a lecture and it made me more aware of the dangers."

Students also signed up to dress in

black in memorium of those killed in alcohol related accidents. The activities planned were set up to demonstrate, not just tell, to students how threatening alcohol can be.

"Soberfest is important because some people don't recognize the danger in alcoholism. These activities dealt with the issue in a way that college students could relate to," said Susan Starkey.

EAST HALL PROVIDES THE CLOSEST RESEMBLANCE TO FAMILY THAT A STUDENT CAN FIND

# AWAY FROM HOME

East Hall, the newest of residence halls on campus, houses the largest number of women and upperclass men, in comparison to the numbers that Greensboro Building and West Hall can accomodate. The overflow of students this year prompted residence life to open up an apartment in the basement that had been previously unused.

East Hall is unique in its set-up. Residents have suite-style rooms. East also is the only dormitory with central

air conditioning. During the warmer months, students have the opportunity to go up on the roof to sunbathe or enjoy the weather out on the patio. East also houses an aerobics room and is home to the Collegian office.

Kendra Meyer, one of eight residence assistants in East, said, "I get to meet different people and really get to know them. The people in East are great."

## JUST LIKE HOME

West Hall is home to a majority of the men living on campus. Sitting at the intersection of Odell Street and College Place, West is sort of off in a world of its own.

The near 200 inhabitants of West occupy three floors of living space. The men's rooms are larger than those of East Hall or Greensboro Building: big enough that some have three occupants rather than the traditional two. This is a result of the astronomical numbers of new students in Fall 1994.

Another way that the college compensated for the welcome overflow was to allow four students to move above Brock Museum. The four occupants were Jason Frady, David Noonan, Christopher Johnson, and Kevin Beirne.

The men in West always were able to find something going on around them, as the halls were rarely quiet.

Cardell Carter said, though, that "first floor is usually the most pleasant as far as meditation goes."

## HAPPY HOME

Greensboro Building dates back to the 1950's and is the oldest dormitory still on campus that is currently utilized. Main Building no longer houses students on the third floor. Eighty-plus women live in the spacious rooms of Greensboro Building and make it their home. The dorm also houses the nurse's office and the cafeteria.

Greensboro Building differs from East Hall in that the hallways are carpeted, each hall has a microwave rather than a range, the building is unairconditioned, and the women

share hall bathrooms.

Greensboro Building is said to be hard to get into as a resident. Upperclassmen often find they like the qualities of Greensboro, making it hard for new students to get a room.

Those living in the coveted rooms constantly rave about the closeness of the residents.

Julie Jarrett said, "We have a family atmosphere. Everyone knows each other and is friendly."

## SPIRIT OF HOME

Halloween is a favorite holiday among the student population, young and old. On a college campus students go all out for Halloween. Dorm rooms are decorated, doors are adorned, and windows display ghoulish pictures.

Many students make an event of carving pumpkins. This year 1st and 2nd floors of Greensboro combined to have a pumpkin carving, caramel apple making party in East's kitchen.

SCF once again hosted community children in a trick or treating adventure. Students who chose to help out

either escorted the little trick or treaters through the residence halls or handed out candy to those children who came by to visit.

Other students chose to attend costume parties or go on the Haunted Trail, much as they would have done at home.

Holidays away from home are never easy, but the spirit touches everyone and students are able to have fun with friends.

## RETURN HOME

What truly happened in Vietnam may never be told accurately, but the cast and crew of "A Piece of My Heart" portrayed Vietnam as only they could.

The talented actors spent months preparing for their roles. Early in the semester everyone sat down with three women Vietnam Veterans to gain their perspectives on service in Vietnam. The cast and crew also made a trip to Washington D.C. to visit the Women's Vietnam Memorial.

Sarah Keith said, "This play gave all the cast a frightening, yet insightful

view into the hearts of a few of the women that served. By the last show it was difficult to say goodbye to them and the show. Still, knowing that we helped students understand Vietnam better through a woman's perspective and that we touched many of the vets that saw our show made all our time and efforts worthwhile. Hopefully no one left without a tear in the eye or a piece of their heart open for long awaited respect and appreciation for the women of Nam."

The arts and entertainment brought on campus provided many options of things to do

## AT HOME

The student body of Greensboro College was always up for a form of entertainment. Part of student activities fees went toward paying for the acts which were brought to campus.

CAB provided many of the acts, such as Roger Day, Bus Stop, The Fettucini Brothers, Craig Karges, Bob Smith, Dakkota, Kyrie, and Tom DeLuca. The other entertainment was often part of the Performance Series, such as Limpopo, the Russian folk and rock band, or art exhibits and shows performed by the music and theater

departments.

Entertainment was a big part of life on campus. For those without transportation elsewhere, the entertainment that was brought to them was about all they would find. Not to mention the fact that campus activities are free admission at the door. Acts not only occurred on special occasions and weekends, but during the week as well.

Whatever your taste in entertainment, the school provided something to satisfy everyone.

## HOME TURF

Flicks Night has become a tradition at CC. Sponsored by CAB, Flicks Night gives students a chance to escape from the books and watch a great movie.

Every Thursday night, and some Fridays, at 9:30 PM a group of students would bring their favorite munchies and sit back to watch a great flick.

Preparation began early in the week with members of the Flicks Night Committee hanging publicity and setting up the movie and chairs. Members included chairperson Shannon Brown, Nikki Culbertson, Kimberly White, and

Wendi Wahl.

Most weeks a movie poster was given away. Depending upon donations, pizzas or souvenir cups were also given away to those who attended the movie.

Twice during the year CAB held a 'drive-in' on back campus which featured two current releases. This was a popular event for students.

The variety shown this year included "Speed", "Only You", "Mask", and "It Could Happen to You."

## LEAVING HOME

To lessen the expenses of tuition and the bills of being a normal college student, many students have found part-time jobs off-campus or had work-study jobs provided by Greensboro College.

"My work study in the Sociology Department helped lower my tuition costs and on top of that I balanced a part-time job as a waitress. This gave me extra spending money along with a way to pay for my education", stated Shelley Jarrad.

Work study can also be more conve-

nient for students than off-campus jobs. Kristy Stone agreed "Working in the Stu gives me a chance to do my homework and make money at the same time."

Furthermore, in addition to easing cash strain, work study jobs can be a beneficial experience. Some GC students use their work-study to help out fellow students. "Tutoring students in math gives me experience while helping other students," stated Eugenia Houston.

## HEAD HOME

The holidays at Greensboro College are alive with tradition and activities with students stressing out over exams and anxious to return home. The events planned helped students get into the holiday spirit.

The traditional Lessons and Carols is held in the Finch Chapel as a chance for members of the community and students to congregate. The celebration was brought over by Dr. James Hull from England and has been a popular event at the college ever since.

Student Development offered a holi-

day party in the upper Stu. Roger Day was featured, along with a festival buffet of food prepared by the Student Development staff. A workshop was set up in the atrium where ornaments could be made by students.

Hall parties were also a popular event. Secret pals and pizza parties ran rampant on campus the week before break.

The holidays were celebrated in many different ways by the students on campus.

## LEAVE HOME

As the spring semester began and students started to settle into their regular routines, the Winter Rose semi-formal gala provided a break in the everyday monotony of life. The traditional dance was moved this spring to the Sheraton in Downtown Greensboro. With more room to dance and a new appearance, Collin Bissel remarked, "The Sheraton gave the dance a better atmosphere. People were getting tired of always having everything at the Depot."

Many students agreed that it was

a positive change from the Depot. Patricia Burgoon stated, "I really liked the decorations and the change of scenery. It was a big improvement from the Depot!"

A new D.J. was hired for this dance. Susan LaBella said, "I thought that the variety of music played was awesome! There is nothing like kicking up your heels to the tunes of the eighties, especially the Bangles."

Once again, CAB produced a gala affair that was enjoyed by many.

## FAR AWAY FROM HOME

Twice a year the Student Christian Fellowship provides Greensboro College students with escapes from the stress of college life and a chance to meet new people.

This fall, SCF ventured to Camp Hanes in King, North Carolina. It was a time in the beginning of the year for the students to get to know one another and unite together through fellowship.

"It was a great time for growth through spirituality despite the vast diversity of the group," described Lauren Sease.

In the spring, SCF escaped to the coast of Ocean Isle, North Carolina for a relaxing weekend at the beach.

GreasePaint and Halos held a special performance of various skits for the Sunday Morning Worship.

Becki McLamb explained the purpose of the retreats as a place where "people experienced a rekindling of old friendships as well as bonding with new found friends throughout the whole weekend. I think that's what the retreats are all about."

## HOME BASE

The ways to become a leader at Greensboro College are endless. There exist opportunities as club officers, Resident Assistants, Orientation Leaders, Emerging Leader workshops, sport team members, and retreats such as PRECIS and Freshmen Connection.

Freshmen get a head start in August as selected students have the opportunity to participate in Freshmen Connection. The students invited to participate learn to become more effective leaders and to build lasting friendships.

"Freshmen Connection was an awesome experience. Through it, I met 18 other fine leaders and it has inspired me to excel," said Teodorico Tuazon.

The workshop held in the Spring for Orientation Leaders and PRECIS staff had many activities in order to help students better learn how to combat problems and to take charge. Team-building projects and games were a big part of the workshop.

With a variety of leadership opportunities, all can become involved.

## A few minutes in between obligations, a night off, a time to rest: spare time was spent getting

Students enjoy many different kinds of activities in their spare time. Some just catch extra sleep or enjoy a good book, while others go to the YMCA or relish the outdoors.

Leisure time is an opportunity that allows students to catch their breath and forget the stress of classes. Students just like hanging out with friends, listening to music, or watching T.V.

Other students enjoy playing pool at the Stu. Normally, there is a small crowd that is enjoying the good food,

watching the big screen television, or taking a moment to relax with friends.

Meredith Ash said, "I like to spend time with my friends or watching a good movie. Sometimes you just have to get away from studying."

While Wendi Wahl sees spare time as: "A time to sleep or just hang out with my friends. It's a chance to get away from the hassles of school."

No matter what the activity, spare time is a precious part of college life.

# VENTURED HOME

As the semester grew closer to mid-term, students became more than ready to head off on Spring Break. Pressures of school and college life left most ready to leave the confines of the campus.

Many students returned home, some spent a week in the sun on such sands as Myrtle Beach, Cancun, and Florida, still others volunteered their time with the Appalachian Service Project in Virginia.

Those returning home longed for homecooked meals and possibly the

chance to earn money to enjoy for the rest of the semester. Plus, laundry was piling up. Keith Shirley said, "I haven't done laundry since we got back from Christmas!"

The students able to travel found relaxation far from anything familiar. Many made long journeys with friends to see far off places that many only dream about.

No matter what people did, the break was long awaited.

## HOMES OF LOVE

Instead of the usual vacation at the beach or a trip home, some G.C. students opted for an alternative Spring Break.

Appalachian Service Project is a Methodist affiliated organization which aims to help less fortunate members of the Appalachian community to rebuild, renovate, or fix up their homes.

The G.C. students in attendance this March travelled to Jonesville, Virginia to help build and restore houses. This opportunity provided students with a

whole new learning experience.

In order to attend, students merely had to seek the information and register to go along. Funding for the mission came in part from the Campbell's donation.

Jim O'Gara said, "It was one of the best weeks of my life. I learned so much and had a lot of fun, too. (Chuck lives!)"

# NEW HOME AT GC

The Greensboro College campus was filled with lots of new and eager yet, nervous faces on the weekend of April 7-8. After a morning on campus registering for classes, taking placement tests, and participating in tons of ice-breakers, incoming freshmen headed off to Betsy Penn 4-H Camp for the night. Here, new students were able to interact with current students to get a better look at what Greensboro College is like. Orientation leader Becky Skillman told us, "The best part of Ori-

entation was getting to know the incoming students while having fun." Part of the fun for incoming students included meeting new friends and finding a perspective roommate. Students also had a chance to play football, sing songs, and take part in one of Greensboro College's favorite activities- Casino Night. Orientation leader Cardell Carter summed up the weekend by stating, "It was an experience of a lifetime."

Students found spare time to hang out with friends in some of their favorite gathering places

## NEAR HOME

As classes finished for the day, and students were looking for people to hang out with, friends could be seen gathering all around. Looking for a good time or just a friendly companion, people gathered in dorm rooms, on outside steps, fast food restaurants, and local clubs.

After classes a popular gathering place was the mailroom. Eager students checked for their mail and bragged about what they received-- a letter from a friend, a care package.

When students wanted to workout,

the YMCA was the place to be. Often the YMCA was very crowded with GC students who were making good use of their memberships.

Later on in the evening, the Stu was the place to relax and meet up with friends when budgets were low. Nighttime was club time. The Palimino, Club Zero and Daddio's offered an escape and a stress reliever for many students.

No matter what a student liked to do, there was always a place to gather.

## AT HOME

G.C. kicked off the annual Spring Fling celebration April 20th with a laser show in the gym. The fun continued into the weekend while dinner was served outside Friday night with entertainment provided by a Reggae band. Next, everyone grabbed their beanbags, blankets, and popcorn for the popular Big Surf Drive-In. The movies featured were Higher Learning and Legends of the Fall. Then, bright and early Saturday morning was the Sandblaster tournament. Volley-

ball player Anne Scott said, "It was a lot of fun but it's a different experience being on sand instead of on a hard court." The games continued that afternoon with a dunking booth that gave students a chance to soak their favorite RA's and Scott Swan. Finally, it came time for the dance. Students got their chance to wear the beads that they found in their mailboxes that morning. The beads reinforced this year's Mardi Gras theme.

*Appreciation of contributions is celebrated*

The Scholarship Donor Dinner was held Thursday, November 17, 1994 in Fowler Dinning Hall. On this evening, students were given the chance to meet the benefactors that gave their scholarships. In return, the donors were able to talk with the students and see that their contributions paid off.

*Academics Provides an Outlet for Interests*

Whatever a student's major, academics becomes a huge piece of one's life while at college. Academics provide an area of challenge and of personal growth. The culmination of all of the hard work comes on graduation day as the graduate is handed a degree.

# Something in Common

## *Fine Arts Provides a Common Link*

Greensboro College has a music department to rival all others and the drama department and art department are quickly approaching others in their category. Throughout the year, choral performances, plays, and art exhibits have displayed the talents of the students who are interested in the arts and humanities disciplines of study.

To thee, GC, we lift our praise.

We'll cherish thee through countless days.

From knowledge gained and friends we've made

We'll enter life, our foundation laid,  
Our thoughts of thee will always be  
Among our fondest memories.

Our hopes and dreams inspired  
by you

Will lead us on our whole life

At the Club Carnival, tables were set up in front of Main Building where clubs presented everyone with the information. Club members made presentations that included information on club activities and more importantly the fun that is

involved with each club. From the Medical Careers Club to inspirational groups, like FCA, SCF, and Grease-paint and Halos, a variety of organizations were represented at the carnival. Students were shown that cooperation and organization were important. If they were not happening on campus, then things wouldn't come together very easily. The students also saw there is basically a club for every type of person, and that involvement in these clubs really is a lot of fun.

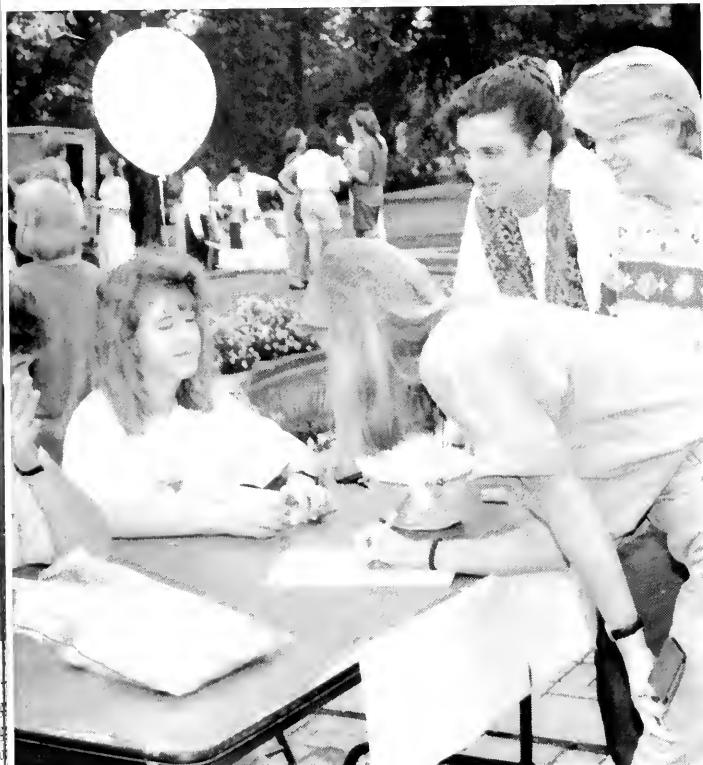

What's this about...Rebecca Ickes learns more about the Psychology Club from Shelly Boyd. Several clubs gave students handouts, candy, and valuable information.

Water-logged... Dean of Students, Tiffany McKillip dries off after getting soaked by the dunking booth. Along with the dunking booth, students also got a free meal and cotton candy.

All together... Students all sit on the steps in front of Main Building at the Club Carnival. The Club Carnival was held on August 30.

All dressed up... Theatre students Ann Mahoney and Jill Shullenberger show off their costumes. Ann and Jill have been in GC theatre productions.

Sign up... Jennifer Kennedy, Michelle Levan, and Shelly Jarrad receive news about Greensboro Hall Council. Other hall councils are in West and East Halls.

# There's No Place Like Home!

Keeping the girls straight was the job of Greensboro Hall Council. With this council, residents could receive answers to questions or just a friendly smile.

On the other hand, West Hall Council kept busy by making sure the guys felt at home. Through several different activities, the guys tried to live as one big family. Quite often, the hall sponsored Monday night football parties, or similar events. Although West Hall is off by itself, the council worked with other hall councils too.

East Hall Council really had its hands full, since they had to keep an eye on both girls and guys. Cooperation was a key word in organizing events for this hall- everyone had to work together. Making the residence hall seem like a home away from home was always on the minds of the council.

**FUNNY FACES..** Members of West hall council take a minute to just have a little fun. These guys were also active in other activities around campus.

**GIRLS JUST WANT TO HAVE FUN..** The girls of Greensboro Hall strike a pose in their hall's study room. During the year, this room was painted by its residents.

**SITTING BACK..** Down in their meeting room, West Hall Council talk during a very casual meeting. The council worked hard all year planning activities for its residents.

# Leaders of the Pack!

Without leaders, where would we all be? Here, at Greensboro College, every student is a leader in his or her very own unique way. From club officers, to orientation leaders, GC is full of many great leaders. Orientation leaders not only lead future GC students at their orientation, but help with the new freshman class at Precis. Emerging leaders pulled together and got several events and activities to happen here at GC. Also, the Student Ambassadors greeted the upcoming freshmen and made them aware that Greensboro College is a wonderful institution. These Ambassadors gave rising students, as well as, their parents large amounts of information about the many great things at GC, and tried to make them see how real everything is. Leaders at Greensboro college play a crucial role in how the school operates and gets by on a daily basis.

ORIENTATION LEADERS... Matt Arnold, Liz Reynolds, Marshall Steinmann, Cardell Carter, Mark Nickel, Kelli McCleod, Jen Watters, Becky Skillman, Kerri Cook, Kim Farrar, Chris Johnson, Heather Deiber, Beth Boyd, Renee Metzer, Kelly Roberts, Susan Heafner.

EMERGING LEADERS... Cardell Carter, Mark Nickel, Collin Bissel, Melissa Morton, Beth Boyd, Keith Lowder, Josh Fletcher, Ricky Tuazon, Kim Farrar, Becky Skillman, and Sharon Cannon.

STUDENT AMBASSADORS... Chris Johnson, Lisa Lane, Kim McDonald, Jen Watters, Mark Nickel, Kim Farrar, Becky Skillman, Mike Hale, Kelly Roberts, Mark Ring, Matt Arnold.

**SAY WHAT...**Student Ambassadors Chris Johnson, Lisa Lane, and Kim McDonald answer an upcoming student's question

**TOWER OF POWER.** Some of the Orientation Leaders goof off in front of East Hall. They worked at both Orientation and Precis.

**READY TO EAT...** Student Ambassadors Collin Bissel and Becky Skillman prepare the food for the guests. Student Ambassadors greeted upcoming students and their parents.

**ALL TOGETHER NOW...** Some of the Orientation Leaders joke around in their new Greensboro College sweatshirts this group was made up of a number of individual leaders.

**CHIT CHAT.** Juniors Julie Henry and Jen Watters chat briefly before the arrival of hopeful freshmen. Student Ambassadors had to inform people interested in Greensboro College about it

# Different, but Equal Roles!

Clubs around the Greensboro College campus all shared equal roles. They all involved student activity. Nevertheless, each club had its own individuality. One club that was unique in its very own way was the theatre or drama club. By helping with GC theatre productions, this club was on their feet all the time. In addition, the North Carolina Student Legislature(NCSL) was just as busy. Traveling on several weekends to many different colleges, this group had to both mentally prepare and physically prepare. Debating different issues takes a great amount of skill and intelligence. Also, the Psychology Club had its hands full all year long. From planning meetings, getting people interested in this social science, and getting guest speakers, the Psychology Club kept busy at all times. You see, each of these clubs is certainly different, but they all share the common bond of togetherness and cooperation.

THEATRE CLUB... Ami Brunsick, Sarah Keith, Summer Malone, Kandi Wirth, RJ Bardsley, Heather Crabill, Josh Fletcher, Ann Mahoney, Jill Shullenberger, Lara Southerland, and Dellany Peace.

NCSL.. Kim Fredericks, Kristi Hampshire, Olivia Wobbleton, Wendy Sivori, Cardell Carter, and Maggie Dixon.

PSYCHOLOGY CLUB . Shannon Newman, Thomas Ehlers, Tanya Taylor, Shelly Boyd, Brad Fisher, Christina Bravo, Deborah Schwartz, Kris Dewey, Steve Churchill.

**DO YOU AGREE??** NCSL members Wendy Sivori and Cardell Carter discuss a debatable issue. Cardell was the president of the freshman class

#### **WHAT'S THE NEWS??**

Members of NCSL discuss which university they will debate next. NCSL traveled to various campuses expressing their opinions about important issues.

#### **THAT'S SHOW BUSINESS..**

Members of the Theatre Club strike their own pose. Major productions were held during both semesters and during Christmas break.

**THE TOP GUNS..** Psychology Club officers sit on the steps in Cowan Building. These officers were in charge of getting speakers and sponsoring fun and exciting activities.

# Activities Are the Meaning of Clubs

Without activities, there would probably be no clubs or organizations. Every type of club as to be active in order for it to be a club. Here, on the Greensboro College campus, one of the most active clubs was the Campus Activities Board, or CAB. CAB really worked all year long. CAB was the club that provided most of GC's entertainment. Planning Flicks Nights, all the dances at GC, and all the bands, comedians, and other performers, CAB was like a taxi, always on the go. The College Council was also always on the go doing several events and getting students involved in other types of clubs. The College Council also was involved in sparking the interest of other clubs to sponsor even more events. SNCAE was also highly involved. These education majors took their academics a step further, by helping children, as they will all do as teachers. By going to different schools and visiting young students, SNCAE devoted lots of time.

CAB. Rebecca Ickes, Lauren Sease, Tracy Marciniszyn, Alicia Rambo, Mark Nickel, Susan Heafner, Kelly Roberts, Nikki Culbertson, Kim White, Spider O'Gara, Cloe Torres, Collin Bissel, Shannon Brown, Angela Reeves, Jennifer Kennedy, Michelle Hall, Todd Lanier.

COLLEGECOUNCIL. Cardell Carter, Nikki Culbertson, Nyree Washington, Eric Hufishmit, Tim Moore, Sharon Cannon, Susan Heafner, Collin Bissel, Bambi Sherwood-Roberts, Ricky tuazon, Christie Kornegay, Lisa Lane, Becky Skillman, Mike Hale, Kerri Cook, Lauren Sease, Tracy Marciniszyn.

SNCAE. Susan Starkey, Shannon Humble, Leigh Ann Grubs, Julia Varanavage, Cloe Torres, Jackie Garner, Jennifer Conner, Kelly Clough, Julia Sharpe, Diane Howdeshell, Evelyn Gardiner.

**FULL HOUSE..** During a College Council meeting, the room was completely full. College Council tried to get other clubs to sponsor more activities.

**HERE IS OUR NEWS..** Junior Tim Moore speaks up during a College Council meeting. Tim was also active in SCF.

**NEEDFUL INFORMATION..** At a College Council meeting, members review the latest news. College Council met in the Alumnae Dining Room.

**FEARLESS LEADERS..** CAB officers, Tracy Marciniszyn, Lauren Sease, Susan Heafner, and Kelly Roberts goof around before a CAB meeting.

**CATCH THAT CAB..** CAB officers and Director of Student Activities, David Huskins, pose for a moment. Later in the year, David left CC for another position at Brevard.

# CLUBS: More than a Name.

Clubs and Organizations at Greensboro College are more than just their pretty titles. Clubs were groups of students with a strong determination to work. One club that worked as hard as they could all year, and then some, was ECHO, the yearbook staff. Club members worked almost every single day to make the Greensboro College Yearbook. With taking pictures, doing layouts, and trying to work with only a few staff members, the ECHO staff proved that a lot can get done with just few people. Deadlines had to be made in order for the yearbook to get back on time. MEA, Music Education Association, also worked all year long to make music the fun it is. Members were also members of the choir and gospel choir, but still had time to devote to this club. The Publications Club was also busy all year with the newspaper. Just like ECHO, Publications had to meet deadlines and work around the clock.

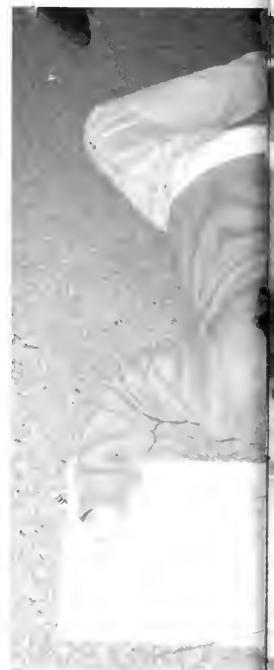

ECHO.. Keri Tomlinson, Shelly Jarrad, Amy Masters, Scott Milman, Shannon Brown, Nikki Culbertson, Rebecca Ickes, Angela Reeves, Tonya Mauldin, Sharon Cannon.

MEA.. Neal Anderson, Collin Bissel, Rebecca Davidson, Missy Hoschouer, Deborah Lee, Kim White, Denise Nicholson, Terry Thomson, Gail Harry, Kevin Beard, Rhonda Sexton, Jessica Allen, Amy Masters.

PUBLICATIONS. Caroline Marshall, Keri Tomlinson, Steve Churchill, Julie Jarrett, Dr. Hebert.

**WORKING TOGETHER..**  
Newspaper members work skillfully on their next assignment. The paper was advised by Dr. Hebert.

**THAT'S HOW IT'S DONE..**  
Julie Jarrett shows a fellow newspaper staff member how to work the computer. Both the paper and the yearbook were done on computer.

**WORKING WITH EASE..**  
Angela Reeves concentrates on completing her page for the yearbook. Angela was also a photography editor.

**WORKING THE FINGERS TO THE BONE..** Tonya Mauldin types away on the computer to meet her ECHO deadline. The yearbook staff only consisted of nine members.

**SO THAT'S A COMPLETE STORY..** Members of the newspaper staff work on their story for their deadline. The newspaper was called *The Collegian*.

# Singing To A Different Beat

During the 1994-1995 school year, the Greensboro College Chorale, Show Choir, and the Gospel Choir all performed to a different beat. All the members of each group were not only students, but extremely talented singers, as well as performers.

From singing in at Chapel on Thursday mornings, to actually traveling to competitions, each musical group carried out their own tunes. In addition, these groups performed when Greensboro College had special guests. For example, the GC Chorale gave a very moving performance with, "Amazing Grace," when Bishop Kelly was at the school in March of 1995.

Also, some of these musical students involved with these groups, were also very involved with GC Theatre productions. Not only as singers for the shows, some of these students acted as well in the productions. All of these singers carried their unique tunes throughout the whole school year.

#### DUO DYNAMITE...

Members of the Show Choir, Sarah Keith and Richard Godfrey carry a tune on Back Campus. Sarah also performed in GC Theatre productions.

#### A PERFECT SOLO...

Junior, Jennifer Burton gives all her effort while performing a solo in Chapel. Jennifer received a competitive music scholarship for her senior year.

#### ALL THAT JAZZ...

Members of the GC Jazz Ensemble play to the beat during the Family Picnic. The Jazz Ensemble performed in several events throughout the year.

#### DANCING FEVER...

Members of both the Chorale and the Theatre performers, Ami Brunswick, Jill Shullenberger, and Dellany Peace try out some new dance moves at Homecoming. Jill was a member of the Homecoming Court.

# SCF, Where the Light Shines.

SCF, Student Christian Fellowship, was a GC club that not only met on Wednesdays, participated in several activities, had TWO Beach Retreats, and even the Appalachian Service Program, but this club also brought students closer to their light, God's light.

Under the leadership of Becki McLamb, SCF had so many students to attend that the original meeting place, the Underground, was soon too small. Later in the fall semester of 1994, SCF was moved into Lee Center of the Main Building. However, SCF did not just have regular weekly meetings, this club sponsored several events.

Members of SCF traveled to the beach, both in the fall and spring semesters. Members also participated in the Appalachian Service Project, or ASP. ASP happened over Spring Break, and gave members a chance to help less fortunate people. In addition, SCF also sponsored midnight bowling parties and ice cream study breaks during those stressful exam weeks. Most important, SCF brought a touch of needed religion to GC.

#### THAT'S ACTING ???

Several members of SCF perform up on stage during a Wednesday night meeting. Members participated in all sorts of exciting events during these meetings.

**PLAY IT AGAIN, SPIDER ...**  
SCF member, Spider O'Gara practices one of the songs he will play before the meeting started. Spider was the President of PAWS.

#### ACTING IT UP...

SCF Members, Michelle Hall, Lauren Sease, Kelly Roberts, and Susan Heafner do a skit about relationships with friends. SCF was one of Greensboro College's largest clubs.

#### LET'S EAT...

After a SCF meeting, members get some nourishment from snacks provided by the club. Speaking of food, SCF held ice cream study break parties during exam weeks.

#### WHAT DID YOU SAY ???

Freshmen, Amy Beth Johnson and Todd Lanier chat before the meeting gets started. Todd was just one of the many members to go on ASP.

# With Clubs, We Stand Together

In March, 1995, GC clubs all came together for one giant party. Well, it was sort of a party. It was the annual Club Conference held here at Greensboro College.

Several of the clubs, including the Campus Activities Board and the class officers, met together to share different opinions about how each run their own club. In addition, these clubs also got the chance to learn new and interesting ways to boost spirit and numbers in each of their clubs.

Students participated in creative activities and helped one another out. By making banners, signs, figuring out problems, and just sharing ideas with one another, these club representatives learned a great amount on how to have an excellent club. Team work and cooperation with each other greatly benefited the several clubs that were present.

Though there was a great amount of work involved in this conference, it really paid off. Plus, it was loads and loads of fun!

**HERE IT IS...**  
CAB members, Eric Huffschmit, Mark Nickel, and Kelly Roberts present their newly finished banner. Each group had to present their own unique banner at the conference.

**DO YOU UNDERSTAND???**  
Michelle Levan and Melissa Compton look over the directions before starting a challenging exercise. Students learned teamwork and cooperation at the conference.

**ACTING IT OUT...**  
Michelle Stoddard and Susan Heafner do a skit about club involvement on campus. Both Michelle and Susan were actively involved in several clubs.

# Just Saying NO With P.A.W.S.

P.A.W.S., Peer Awareness With Students, was one of the most active clubs on campus this year. In the beginning of the year, P.A.W.S. sponsored a "Soberfest" week, in which it had several different activities for students to do on campus, rather than the students getting drunk. With this week, students participated in a natural high day, and many guests came to the campus to either talk to students about substance abuse, or to provide entertainment for these students.

P.A.W.S., advised by Scott Swan, and led by sophomore, Spider O'Gara, also sponsored the drunk driving simulator of M.A.D.D. This simulator was an actual car that students drove, so they could really feel how it was to be drunk and driving. Near the end of the spring semester, P.A.W.S. got a new addition, the new Director of Student Activities, Amy Radford, joined in with Scott Swan, as an advisor of P.A.W.S. This organization really got students aware of the problems with substance abuse.

#### TAKE CAUTION...

Students, outside of the car, look on while another student starts to drive the drunk driving simulator. This car was just one of the many things PAWS did on campus.

#### ON OUR WAY UP....

Members of PAWS show that their organization is really the "TOPS." PAWS was sponsored by Scott Swan and Amy Radford.

#### CAN I HELP YOU???

PAWS member, Kim Frederick works with answering students questions about the drunk driving simulator. All the members of PAWS worked together with the simulator.

#### TEAMWORK....

PAWS members, Christie Kornegy, Jessica Allen, Kendra Meyer, Jodi Swan, Cloe Torres, Spider O'Gara, Tim Moore, Scott Swan, and Tom Varanavage show a team effort with a pyramid.

#### OFF AND RUNNING....

Behind Cowan, the Drunk Driving Simulator runs its course. All students got the chance to drive this car.

# What A Great Christian Life

FCA, Fellowship of Christian Athletes, and Greasepaint and Halos each share one giant thing in common, their bond with a purpose that show students a religious way of life.

FCA met on Monday nights, and although the title says "Fellowship of Christian Athletes," these athletes were not just members of GC sports teams, but the members also consisted of non athletes. What these athletes were, were members of Christ's team, in which, they are all athletes. FCA did several on campus functions, but also went off campus for many exciting retreats.

Greasepaint and Halos were also very active this year. With their purpose to make a Christian way of life fun and exciting, this group presented several skits and plays, both, on campus and off. All of these skits, however, had one thing in common, they all showed their audiences that it's great to have Christ in your life!

# Putting All The Pieces Together

During the school year of 1994-1995, all of the clubs and organizations of Greensboro College put in all their efforts and made great successes. Since a variety of clubs were present on campus, every type of person could easily find their own club with something that was interesting.

Although GC did have numerous clubs, each of these clubs were filled with energetic and helpful members that gave all their effort to help out with each club's activities. GC organizations never made their members lose their sense of individuality or their sense of teamwork. These organizations gave their members a great amount of fulfillment and satisfaction in their hearts.

The clubs and organizations here at Greensboro College were really important to the school's success all throughout the school year. With all the club involvement on campus, any student could find something to get involved in, and with this wide range of clubs, nothing ever seemed dull or boring.

With strong support from the GC family, our men's soccer team lived up to our expectations this season. Their hard work and dedication was obvious when students saw them on the field practicing daily. One of the highlights of the season occurred when rival Methodist College fell to the Pride in a late season game. The NCAA regional tournament began here at the College and was another event to remember. After playing a strong game with one goal scored by senior Jody Roach, the game ended in a shoot out after two overtimes.

Men named to the first team were: Lee Powell, Brett Fahrbach, Jody Roach, Paul Gazzara, Brian Theirrin and Derek Schroll. The conference coach of the year was Steve Allison. Matt Kaplan, Chad Long, and Chip Zimmerman won second team honors.

The women's soccer team showed what can happen with persistence and practice. In their fifth year, the women ended with their strongest season yet. Closing with a record of 9-7-1, the women competed in their first winning season.

Beginning with a six game winning streak, the women had finally boosted their confidence enough to match their skills.

With strong leadership from captains Sarma Liepins, Mercedes Fresquez, and Kathy Brino and coaches Steve Allison, Dan Kenneally, Bill Ruffle, and George Tasedon, the young women displayed a high morale that was a definite asset to the team.

Three women were appointed to the all-conference second team. They were: Dena Danielewicz, Natalie Serianni, and Nicole Durand.

The women's volleyball team had a spectacular season this year. They had seven newcomers and only three returning players. GC's volleyball team finished their season 31-7. At one point in the season, they were ranked fourth in the south region.

Along with this honor, the team set four school records, won the Greensboro College Invitational, came in second in three other tournaments, and finished second in the Dixie Conference.

Senior captain Leslie Smith and freshman Kristy Aldous made the all tournament team at the GC Invitational, Emory Tournament, and Mary Washington Tournament and made the all conference first team. Freshman Anne Scott made the second team all conference and the all tournament team at Mary Washington.

The men's basketball team has proved again that they have what it takes to have a stellar season. Finishing the season 19-10, 7-5 in the conference, the Pride advanced to the DIAC Tournament and took home the trophy again this year.

Coach Samuel Hanger said of the team after their second Shenandoah University victory, "There was a great team effort. I am proud of these kids. We just play hard. We play as a team. That's all that I can ask for them to do."

The team began the season after losing eight contributing players from last season. Kenny Lyons said, "I hope people do not expect us to be like we were last year."

Patrick Williams continued, "Regardless of all the transitions we went through, we are still glad to be in the position we are in now."

The team is known for its ability to work well together. They are a young team and have lots of potential for a promising future.

The Lady Pride advanced to the first round of the Dixie Conference Tournament, but unfortunately they did not make it to the second round.

The women know the dedication and love for the sport required for college basketball. They have every hope of improving their record and advancing further next season. They remain champs to us.

The Greensboro College's Men's Lacrosse team finished their season with a 11-4 record overall. They also ranked first place in the Deep South region and were placed #17 in the national ranking.

After another successful season the team still did not reach its ultimate goal of being invited to the NCAA Tournament, though they won a second consecutive Deep South lacrosse title.

Disappointing losses on the road to Hampden-Sydney College and Lynchburg College overshadowed big early season wins over national power Washington College and ODAC contender Randolph-Macon College. According to Coach Burke, "we received this national attention we needed to be considered for post-season play. The rest was up to us. We needed to win those games to be invited to the NCAA's, unfortunately we let them get away."

## STX IN HAND, LAX WOMEN TEAR UP THE FIELD

G.C. Women's Lacrosse team earned the respect of everyone with their stellar season. The G.C.'s women's lacrosse team finished their best season to date.

After a slow start, the women came back to win five of their six final games. The women gained victories this year over Guilford, Shenandoah University, Mary Baldwin, Hollins College and Virginia Tech.

The Pride had seven women returning for the 1995 season: Sarman Leipins, Andrea Meador, Christina Bravo, Beth Werner, Christina Rand, Nyree Washington, and Julie Williams. They will lose two of those to graduation this spring and Sarman Leipins is transferring.

Despite the changes, the women are on a roll and the prognosis for next season looks great!

The Greensboro College Men's Tennis Team finished its season with a 6-8 overall record and a 4th place standing in the Dixie Conference.

Head Coach Kim Strable was pleased with the progress his team made over the course of just one year. With only two victories in 1994, G.C. netted two victories over DIAC opponent Ferrum College this year along with wins over the District of Columbia, Roanoke, Shenandoah, and Chowan colleges and universities.

Tate Gallagher is ranked #23 in the NCAA Division III South Region. He has played #1 singles and doubles for G.C. both years. Dan Bain and Ed McKinney played in the Dixie Conference Finals at #3 for doubles. As Kim Strable says, "A much improved year over 1993-94!"

The 1995 G.C. Women's Tennis Team finished the season with a 4-6 overall record and a third place finish in the DIAC Tournament. The team was much improved this season with the addition of several key players. Playing the #1 position for the Pride was Dayna DeFalco. Dayna finished the season with an 11-1 record, losing her only match in the finals of the DIAC Tournament to a player she had beaten earlier in the season. Dayna received a regional ranking and still has a chance to be the first-ever G.C. tennis player to make the NCAA Tournament. Another key addition for the Pride was at #6 singles. Randi Long finished the season with a 8-4 overall record and made it to the semifinals of the DIAC Tournament before losing a tough three set match.

The future looks much better for the women's team since they lose only one player to graduation.

The Greensboro College Golf team placed 2nd in the Dixie Conference and 5th Nationally for the 1994-95 season. Despite a rough fall season the men's golf team has come on strong to claim the second place spot in the conference and national ranking, these facts alone insured the team of another trip to the NCAA tournament.

The Golf team prepares for post-season playing at the NCAA Division III Nationals in Terre Haute, Indiana. The team was comprised of all returning players this season. Head coach Robert Linville commented, "I was a little worried with the way we played this fall, but this is a talented group of upper-classmen who have been in must win situations before. We can only hope it lasts through the NCAA's."

It was more than bats and balls that gave the G.C. Baseball team its first winning season in the program's three year history. With dedication and effort the team completed its first winning season 20-18. Senior Anthony Dent commented "I enjoyed playing my last year with the guys on this team especially because of the time and effort that went into the season and being able to go out with a winning team."

Effort and dedication at the beginning of the season, put first place in sight as the Pride Team started off with a record of 16-6 and at a tie for first place in the conference. But as the season played on things got rough and the Pride ended the season fourth in the conference. G.C. Baseball has a bright future ahead as every season there is a greater strive to learn and improve when they aim to be number one!

## SQUAD SHOWS FANS THAT ITS ALL IN THE PRIDE DANCE

# GOOD *sports*

The G.C. Pride Cheerleaders got off to a rough start this year, but they ended up on top. With the midyear loss of Angie Doughtry and Scott Farrell, the cheerleaders held tryouts once again and gained four new members.

Coached by Pam Myrick, a social worker from Greensboro, the cheerleaders spent many long hours entertaining fans during basketball games and other campus events. In addition they practiced 2-3 nights a week preparing for the conference competition.

On February 25, the squad entered the domain of the Methodist Monarchs to compete for the conference cheerleading title. With many students and the entire basketball team in awe the cheerleaders performed a virtually flawless routine. For the first time in our college's history, the cheerleaders returned to Greensboro with a championship title.

Life is a never ending path that each of us must take. As we think back, we all can remember the little bumps and curves along the way. With each day, month, and year, we all travel even further on our paths. These paths may change along the way, but we still have to keep on traveling. Although struggles and hardships of college life exist, the path is always there to lead each of us on our own ways. Each different path is full of memories and experiences, some good, some bad. The paths for the graduating class of 1995, although already quite traveled upon, are really now just beginning. A mixture of both tears and laughter will be shared as they finally stand in their caps and gowns, knowing that the path through college life has ended. The future depends on the paths each of these men and women have chosen. Their travels will go on forever, even after their journeys on the great and wonderful road through the world of Greensboro College.

## Without Students, What Would GC Do?

Each student at Greensboro College plays an extremely important part in the development of the school. From all the new freshmen to the finally departing seniors, the combination of all the unique individuals makes GC what it really is: a giant, loving family. With each passing year, the College grows more and more, and all of the students grow as well. Even though the majority of the students only literally stay in this family for four years, the memories and experiences that were created will always remain vividly in each of their hearts. Greensboro College is a wonderful family, with very close brothers, sisters, mothers, and fathers. As the professors play the part of the parents, the students take part as the children. So ask yourself, what would GC do if this family had no students(children)?

# Professors Are People, Too!

While walking down the halls or even taking notes during class, GC students get the chance to see that the professors who teach them are real life people. Although their jobs are to come to GC every single day and make sure each student is getting a proper education, each of them also show that this is not the only thing in their lives. Several of the professors at GC have families, community involvements, and maybe even other part-time jobs. Even though most of the professors do spend a whole lot of time on the campus, they still have other lives, outside the classroom. For example, part-time professor, Paula Pile, is a psychiatrist with her own practice in Greensboro, while John Saari actively works with the set designs of all of the College's theatre productions. It's not easy for any of the professors or members of the GC staff to shuffle around their lifestyles, but they all do for the benefit of the students. Each professor and staff member certainly helps all of the students, while also having a life outside the chalkboards.

Dear Friends,

This year has been a year of great turmoil for the Echo staff. The upheavals that we have endured would have wrecked havoc on anybody's life. But, in the end the dedicated, though the very few, have presented for you a book that we hope you will enjoy for many years to come.

To Tonya Mauldin, Nikki Culbertson, Shelley Jarrad, and Keri Tomlinson: the work you have done has been tremendous. These four began the year with little or no experience on Page Maker or a yearbook staff-- period. Tonya stepped right in where needed and dedicated endless hours to make sure the People pages were done. As soon as that job was over, she filled in as Clubs editor and fought tooth and nail to find the pictures and information to finish the section. Nikki, Shelley, and Keri have done much the of the same. The three women spent hour upon hour learning the computer, to crop, and to write yearbook copy. No one could begin to repay them for their time and effort. I really appreciate you guys!!

Sharon Cannon stuck by us until she had to leave for her new job at Meredith College. Sharon made sure to find us an equally dedicated and capable advisor-- Scott Milman. Both Sharon and Scott helped to make the not so great moments this year a little brighter. We could not have produced this book without them.

Our mission this year has been to pick up the pieces and to give you our best. Our mission for next year is to bring you the best book we can. We have many changes in store to give you the best quality book. We have editors lined up for the next Echo that will be dedicated and enthusiastic-- we vow not to have a repeat of this year. To those people we negelected in our coverage, we sincerely apologize.

Thank you for your continued interest in our work. We work to portray life at Greensboro College as you remember it best. Enjoy!

Sincerely,  
Shannon F. Brown

## CLOSING

# Something to Write Home About

Entering the new year always holds challenges and high expectations. Through classes, extracurricular activities, and friendships students learn lessons of life that are invaluable. As we prepare to enter into our futures, the times at Greensboro College are what we will hold dear. Each day we find something about which we want to write home. We learn that no matter how far we travel from home, part of us still remains within those confines. Just as we will discover that Greensboro College will always be a part of who we become.

*Good Friends* Michael Hale and Tim Moore have treasured moments. (Photo by Shannon Newman)

*Some things are  
worth the long  
hours, so we leave  
you with fond memories  
and promises of more to  
write home about.*
